

Orderville Utah ,July,10,1934

State Engineer.

Salt Lake City,Utah

Dear Sir:-

I am requesting you to have your deputy commissioner ,see that Sec. 68.of the session Laws of 1919 to 1925 of the State Of Utah are enforced.

Further I request that Isiah L Bowers be forced to comply with that Law. At present Mr.Bowers diverts part of my water and runs it 680 yrs.in his ditch before returning it to the natural course of streem,causing more evaporation a

Further I have furnished the dupity commissioner with proof that Mr.Bowers is stealing my water,no action has been taken,to inforce the law.

Yours Very Truly

D. L. Foot

Long Valley Division)
